

Elizabeth Angland

**What is your gender?**

Female

**Age?**

79

**County (or Counties) of Primary Residence?**

Yakima

**Residential setting:**

Suburban

**Do you identify yourself as any of the following?**

Environmentalist

Outdoor Recreationist

**WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.**

**Please review this list and add other topics, or items that fit under these headings.**

**Please check the topics you view as most important.**

Wolf conservation and monitoring

Wolf classification/status

Wolf-human interactions

Wolf hunting

Habitat connectivity

Reporting and evaluation

Goals objectives strategies and tasks

**Do you have general comments about the scope of Washington's updated wolf conservation and management plan?**

Wolves will bring the environment to it's natural state such as what occurred in another state. Ranchers are using areas which are naturally wolf habitat. I know they have a long history of leasing such land, but they need to figure out some other way to raise cattle. Times are changing!
