

Thom Peters

What is your gender?

Male

Age?

73

County (or Counties) of Primary Residence?

Snohomish

Residential setting:

Rural

Do you identify yourself as any of the following?

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Land management

Habitat connectivity

Information and education

Research

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Wolves have the inherent right to live on our public lands, someone's cattle do not. A Rancher's so-called "grazing rights" are a joke. Instead of living off of the public Dole, ranchers need to keep their damn cattle on their own lands. If they can't survive by doing that, then it's well past time to find another job.
