

Tyson Curtis

**What is your gender?**

Male

**Age?**

41

**County (or Counties) of Primary Residence?**

King

**Residential setting:**

Suburban

**Do you identify yourself as any of the following?**

Outdoor Recreationist

**WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.**

**Please review this list and add other topics, or items that fit under these headings.**

**Please check the topics you view as most important.**

Wolf-ungulate interactions

Wolf hunting

Please list other topics here. The next page provides space for general comments on the scope of the plan.

De-listing plan & management

**Do you have general comments about the scope of Washington's updated wolf conservation and management plan?**

Yes. I would like further transparency around how (if any) the goal objectives have shifted since program implementation. Wolves being an apex predator should have a plan for management so they do not deplete resources. Hunters pay the most toward conservation, but yet get little say in the states plan.
