WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf hunting

Please list other topics here. The next page provides space for general comments on the scope of the plan.

Wolves as keystone species

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Wolves should be protected, not demonized. Society should not pay (financially or environmentally) for cattle killed by wolves.
