Urban

**Do you identify yourself as any of the following?**

Environmentalist

Outdoor Recreationist

**WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.**

**Please review this list and add other topics, or items that fit under these headings.**

**Please check the topics you view as most important.**

Wolf conservation and monitoring

Wolf classification/status

Wolf-livestock conflicts

Land management

Habitat connectivity

Information and education

Research

Reporting and evaluation

Goals objectives strategies and tasks

Costs and funding priorities

**Do you have general comments about the scope of Washington's updated wolf conservation and management plan?**

Stop managing the wolves. Work with the federal government to force ranchers & their livestock to stay off public lands. All you're doing is pissing off to the General Public decimating an entire wolf family. Allow wildlife instinct to kick in & survive on their own. If any management needs to be done, it needs to be the stupidity of humans.
