

Mike Morris

What is your gender?

Male

Age?

1

County (or Counties) of Primary Residence?

pacific

Residential setting:

Other

live in small town in rural setting

Do you identify yourself as any of the following?

Hunter

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf classification/status

Wolf interactions with other species

Wolf hunting

Goals objectives strategies and tasks

Costs and funding priorities

Economic analysis

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

I believe that you must weigh wolf interaction with other species as a priority. In other states response to wolf killing of other species has always been late to the table and severely impacted moose, deer and elk populations. Often process of wolf management ends up in the hands of the courts and out of the hands of the state and hunting enthusiasts and animal populations pay
