WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Information and education

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Do NOT kill any wolves for any reason! Their habitat must be protected at all cost. Do Not allow hunting of wolves. Tell the cattlemen to consider loss of livestock a cost of doing business. One wolf is worth a thousand steers.!
