

Michael Prince

What is your gender?

Male

Age?

47

County (or Counties) of Primary Residence?

King

Residential setting:

Rural

Do you identify yourself as any of the following?

Environmentalist

Hunter

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf classification/status

Land management

Habitat connectivity

Information and education

Research

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Continued protection of wolves and their habitat should be prioritized. Wolves are an important part of our ecosystem and should be allowed to continue to expand their range and numbers and move into appropriate habitat throughout the state.

State Wildlife officials need more resources and consistent funding.
