WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Washington is out of control with its war on wolves, and this must stop. They are protected and deserve to be so. They are being murdered for money that is it. Targeted by hate and lies, and we are better then this. As a Washington state tax payer I am flat sick of the way you people are handling this, and you should be ashamed.
