WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf classification/status

Habitat connectivity

Information and education

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Wolf hunting is a barbaric sport and unnecessary for human life.
Wolf hunting should be banned no matter the season or reason.
Similarly, extermination of wolf packs and or wolf pack leaders is
devastating to the ecosystem, and is just a lazy way to deal with
potential issues that have other solutions that don't involve killing
wolves.
