WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf classification/status

Wolf interactions with other species

Wolf hunting

Translocation

Goals objectives strategies and tasks

Costs and funding priorities

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Please keep cost in mind. As a life long sportsman I have paid for my "privilege " to participate in continuing my family's heritage. An idea would be to issue the famer/rancher a damage permit. Instead of hiring contractors with helicopters. Also I feel the need to speak about the hunting success rate in our state. More predators equal less success and opportunity for sportsmen whos dollars have been funding the "privilege".
