Wolf hunting

**Do you have general comments about the scope of Washington's updated wolf conservation and management plan?**

Deer, elk and moose populations are taking a serious hit due to wolves. Have you heard of the issues Idaho is having with their wolf problems? It's time to seriously reduce the wolf population or better yet, eliminate them so we have our hunting opportunities back for deer, elk and moose.

I know you've heard this a thousand times. Don't ask for public

comments if you're not going to listen and take action.
