WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Any plan that allows blatant murder of wolves by both ranchers and WDFW should be tossed in the shredder where it belongs. The current policy is controlled by ranchers and people who really don't care about the ecosystem.
