WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Information and education

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Yellow Stone research has proven wolves bring back ecosystems for
water, trees, Native Plants deer elk and wildlife
Preventing flooding, over eating of plants trees by deer and elk and
help restore Nature's balance to the environment
Man can only disrupt all the delicate balance with their KILL
MANTALITY!!!!
