

Luiza ?mi?owska-Ko?omyjska

What is your gender?

Female

Age?

42

County (or Counties) of Primary Residence?

Poland

Residential setting:

Urban

Do you identify yourself as any of the following?

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf classification/status

Wolf interactions with other species

Wolf-human interactions

Land management

Information and education

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Due to occupation more and more areas by human beings the rest of the nature getting down and species are dying in increasing speedily. People just demand more and more comfort and put the comfort of life higher then even life of the rest of animals. This is not fair and doesnt lead to better era. We should stand up and wonder. Every animal should be respected.
