What is your gender?

Female

Age?

60

County (or Counties) of Primary Residence?

Santa Fe

Residential setting:

Urban

Do you identify yourself as any of the following?

Environmentalist

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf-livestock conflicts

Wolf-human interactions

Wolf hunting

Habitat connectivity

Goals, objectives, strategies, and tasks

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Keep trophy hunting, killing, harassment and trapping out of the post-recovery state management plan for wolves. There have already been too many wolf killings in the Evergreen State, and adding more into the mix should be out of the question. Cattle ranchers have taken far too much from the world, the American Bison lands, the ranges of Wolves, Coyotes, prairie dogs, forests, waters...and we do not need beef or dairy to live. 50% of ALL animals since 1970 are one forever. Everyone will be forced to be vegan if the remaining 50% are killed off due to these reckless and cruel anti Earth centricities. Cattle ranchers and dairy farmers need to change their professions and grow indigenous crops or produce No Harm foods for humans, instead. Enough is too much in this case. Indigenous beings have RIGHTS
