

Todd Smith

What is your gender?

Male

Age?

52

County (or Counties) of Primary Residence?

King

Residential setting:

Urban

Do you identify yourself as any of the following?

Hunter

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf-ungulate interactions

Wolf interactions with other species

Goals objectives strategies and tasks

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

In looking at Wolf Plan Objectives, you are missing your target on all 4 of your objectives.

- 1.) already has exceeded a self sustaining population
- 2.) You are destroying the ungulate population
- 3.) Your attempts to manage livestock conflicts, basically has come down to elimination of the packs
- 4.) You have given the wolf advocates more power and say over the direction of all wildlife conservation,,, making public understanding and coexistence very difficult.
