

Carolyn Fischer

What is your gender?

Female

Age?

67

County (or Counties) of Primary Residence?

King County

Residential setting:

Suburban

Do you identify yourself as any of the following?

Environmentalist

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf classification/status

Wolf hunting

Land management

Information and education

Research

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Too many animals have been adversely affected by human greed, trophy hunting and general poor planning and management. Wolves were here long before humans, or cattle, were. Washingtonians care about the environment. Wolves are part of the environment. We have a chance with wolves. Please keep wolves here in our progressive state. Thank you.
