**What is your gender?**

Female

**Age?**

69

**County (or Counties) of Primary Residence?**

Spokane County

**Residential setting:**

Rural

**Do you identify yourself as any of the following?**

Environmentalist

**WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.**

**Please review this list and add other topics, or items that fit under these headings.**

**Please check the topics you view as most important.**

Wolf conservation and monitoring

Wolf classification/status

Wolf management areas

Wolf-livestock conflicts

Wolf-ungulate interactions

Wolf hunting

Land management

Habitat connectivity

Information and education

Research

Reporting and evaluation

Goals, objectives, strategies, and tasks

Costs and funding priorities

Economic analysis

**Do you have general comments about the scope of Washington's updated wolf conservation and management plan?**

I'm sick & tired of ranchers continuing to graze their cattle in the wolf's hunting areas-federal land. If these ranchers can't abide by staying off the wolf's territory, the ranchers need to suffer the consequences. It's the ranchers fault losing cattle, not the wolves. I'm sure there are a few exceptions & a wolf would wander off it's hunting grounds but if everyone stayed in their own areas, these conflicts would decrease immensely.
