

Nick Rizzuto

What is your gender?

Male

Age?

33

County (or Counties) of Primary Residence?

Spokane

Residential setting:

Rural

Do you identify yourself as any of the following?

Hunter

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf classification/status

Wolf management areas

Wolf-livestock conflicts

Wolf-ungulate interactions

Wolf interactions with other species

Wolf-human interactions

Wolf hunting

Research

Goals objectives strategies and tasks

Costs and funding priorities

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

I feel the state of Washington needs to better manage the wolf population. I have first hand seen an impact on game populations in areas of Idaho that I frequent and in recent years seeing declines in the areas I visit routinely in far Northeast Washington. Allowing citizens to help control the overwhelming populations of wolves would be a good start. Also acknowledging there is a problem, listen to the people who are out there all the time looking for wild game populations.
