

Rick Cecil

What is your gender?

Male

Age?

60

County (or Counties) of Primary Residence?

Yakima

Residential setting:

Rural

Do you identify yourself as any of the following?

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf management areas

Habitat connectivity

Information and education

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

I don't know why we let cattle and sheep graze in our national forests. No wonder there is conflicts. Not only that you know domestic sheep spread things to mountain goats. Let's get the cattle and sheep out of the forests and we wouldn't have these conflicts.. the little money you get from grazing fees is probably less than you spend on all this monitoring and killing of the wolf pack. Let ranchers raise there cattle on cattle grazing land not in our forests.
