What is your gender?

Female

Age?

44

County (or Counties) of Primary Residence?

Yakima and King

Residential setting:

Other

Rural and Urban

Do you identify yourself as any of the following?

Environmentalist

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf classification/status

Wolf-livestock conflicts

Wolf-human interactions

Wolf hunting

Land management

Habitat connectivity

Information and education

Research

Goals objectives strategies and tasks

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

As a lifelong Washingtonian who has lived and worked on both sides of the state, and recreate throughout, I am interested in functioning ecosystems that includes the full suite of our native species. My hope is to see our WA Dept of Fish and Wildlife representing the long term survival of all our native species, and the habitats they depend on, rather than special or limited interests.
Thank you, Yolanda Morris
