What is your gender?

Female

Age?

60

County (or Counties) of Primary Residence?

Queens, NEw York

Residential setting:

Suburban

Do you identify yourself as any of the following?

Environmentalist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Translocation

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

First place I do not understand how wolves can be declared delisted when they are hunted, trapped indiscriminately! And why is a recovery plan needed? Recovery plans usually involves the culling of animals! This is not a good plan as wolves are a necessary part of any ecosystem.

This hatred of wolves is the main reason recovery plans are needed and not because they became “delisted”. This was a government decision and not a reality.

So I suggest using all and only non-lethal recovery plans. The majority of Americans love wolves!

Please keep protection in your recovery plan!
