

Jack Hirsch

**What is your gender?**

Male

**Age?**

74

**County (or Counties) of Primary Residence?**

King

**Residential setting:**

Suburban

**Do you identify yourself as any of the following?**

Environmentalist

**WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.**

**Please review this list and add other topics, or items that fit under these headings.**

**Please check the topics you view as most important.**

Wolf conservation and monitoring

Wolf classification/status

Wolf management areas

Wolf-livestock conflicts

Wolf-ungulate interactions

Wolf interactions with other species

Wolf hunting

Translocation

Habitat connectivity

Information and education

Research

Reporting and evaluation

Goals objectives strategies and tasks

**Do you have general comments about the scope of Washington's updated wolf conservation and management plan?**

It's premature to discuss wolf recovery plans when their population is far from a recovered number. If they recover and disperse naturally they manage their own population without government oversight
