

Steve Hall

What is your gender?

Male

Age?

62

County (or Counties) of Primary Residence?

Snohomish

Residential setting:

Rural

Do you identify yourself as any of the following?

Hunter

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf classification/status

Wolf management areas

Wolf-livestock conflicts

Wolf-ungulate interactions

Wolf interactions with other species

Wolf-human interactions

Wolf hunting

Translocation

Land management

Habitat connectivity

Information and education

Research

Reporting and evaluation

Goals objectives strategies and tasks

Costs and funding priorities

Economic analysis

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

I would just like to say that if wolves are going to be here mixing with our existing wildlife then we must have a plan to manage them. This plan can not be one sided or it will fail so Special Interest Groups need to be treated with facts and data to support their input. An Apex predator left unchecked will become a major problem for all of us living in the state of Washington if we don't have a plan (hunters and non-hunters).
