WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf-livestock conflicts

Wolf interactions with other species

Wolf-human interactions

Land management

Habitat connectivity

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

I believe all plans should be looked at clearly by all of the people. We are all part of the eco system, and should work together. Instead of against. Animals are part of our world, and we should not have wolves endangered to suit our "needs".
