WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf-livestock conflicts

Wolf interactions with other species

Wolf hunting

Land management

Information and education

Goals objectives strategies and tasks

Please list other topics here. The next page provides space for general comments on the scope of the plan.

Wolves should have never been reintroduced they are causing many conflicts and are negatively implanting other species.

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Hunters and the people who pay wdfw are not happy about the wolf impacts. I suggest you stop listening to urban Seattle and Jay inslee and start paying attention to the opinions of actual hunters and cattle ranchers.
