WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf classification/status

Costs and funding priorities

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

I am opposed to spending public tax payer money killing wild animals living in their natural habitat, for the benefit of buisness and private property owners. Using State funds for the benefit of private citizens' business iinterests such as tanching and farming is an improper gifting of public money to benefit a private business. Unfair to the taxpayer and the wild animals. This is morally wrong in every way.
