**What is your gender?**

Female

**Age?**

1

**County (or Counties) of Primary Residence?**

Pierce

**Residential setting:**

Rural

**Do you identify yourself as any of the following?**

Outdoor Recreationist

**WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.**

**Please review this list and add other topics, or items that fit under these headings.**

**Please check the topics you view as most important.**

Wolf-livestock conflicts

Wolf interactions with other species

Wolf-human interactions

Habitat connectivity

Costs and funding priorities

**Do you have general comments about the scope of Washington's updated wolf conservation and management plan?**

I am torn on this issue. I want no species pushed out, but I worry about our stock, myself and dog when out in the woods every week on my horse. I wonder about spending so much money to bring wolves back and then shoot them because our stock is easy prey. I love that they are so successful in Yellowstone but do not want them in the low country where I recreate. I would prefer my tax dollars go to keeping our federal and state parks funded. Keep all recreational powered transport out of the woods, limited to roads only, allowing non motorized only, no electric bikes, use only. Hikers, bicycles, equine, and day walkers should be allowed.
