What is your gender?

Female

Age?

77

County (or Counties) of Primary Residence?

Whatcom

Residential setting:

Rural

Do you identify yourself as any of the following?

Environmentalist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf-livestock conflicts

Land management

Habitat connectivity

Information and education

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Assess the impact of wolf-livestock conflicts if you stop killing wolves

Study the impact on affected ranchers if they are not allowed to use public land (BLM) for grazing and instead allow the wolves to repopulate these areas (NE quadrant and other possible areas) as they seem to want to do.

Indicate through education the value of wolves in sustaining healthy ecosystems.

Collaborate with tribes in creating this plan.

IF hunting becomes allowed - limit tags by lottery, by area, sex of animal,
