

Jennifer Weaver

What is your gender?

Female

Age?

54

County (or Counties) of Primary Residence?

Kitsap Co.

Residential setting:

Other

Country, with neighbors both close and far, for now.

Do you identify yourself as any of the following?

Hunter

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf classification/status

Wolf management areas

Wolf-livestock conflicts

Wolf-ungulate interactions

Wolf interactions with other species

Wolf-human interactions

Wolf hunting

Translocation

Land management

Habitat connectivity

Information and education

Research

Reporting and evaluation

Goals objectives strategies and tasks

Costs and funding priorities

Economic analysis

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

How serious are you about using wolf/human/livestock reference techniques like they use in the greater Yellowstone areas to protect each species from the others? These techniques, when taught and used consistently, work. And this is far less costly and detrimental to all. But you must make it a rule, rather than a possible action. Avoidance always works best.
