WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf-livestock conflicts

Wolf hunting

Land management

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

I urge a ban on killing of wolves on public lands by government agencies on behalf of ranchers. Both the wolf-killing and the cattle/sheep grazing are a misuse of taxpayer dollars as corporate welfare to subsidize a rightfully dying industry (ranching) which is unnecessary (humans do not need to eat cows, and are better off without this meat) and environmentally destructive.
