Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

I don't know what it is but years ago I saw a huge blue gray wolf crossing I-84 east of Baker city oregon and I was awed at its beauty and size. It was in the winter and I was alone in the westbound lanes when it came across in front of me. I'll never forget it and want others to have the opportunity to see one given the chance.
