WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf-livestock conflicts

Wolf-ungulate interactions

Wolf hunting

Translocation

Land management

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

Canadian Grey Wolves do not belong in Washington state. If environmentalist western Washington liberals want to see cuddly cute wolves, WDFW should relocate the non native gray wolves from eastern Washington to more urban areas in western Washington.
