WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf conservation and monitoring

Wolf management areas

Wolf-ungulate interactions

Wolf-human interactions

Wolf hunting

Habitat connectivity

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

WDFW must carefully manage wolf populations and impacts on ungulates. Management must include hunting and other means of control to keep populations in check.
