

Lael Bradshaw

What is your gender?

Female

Age?

69

County (or Counties) of Primary Residence?

Island

Residential setting:

Rural

Do you identify yourself as any of the following?

Environmentalist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf-livestock conflicts

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

not enough pressure is put on the ranchers to do what is right. non lethal deterrents have been proven to work when applied correctly. some ranchers are not trying to do it correctly (or at all). If the ranchers can't monitor where there cattle are then they have no business with renting any land for grazing. take away the land from them. its the wolves, deer, caribou all the wild lives land before the

cattle. thank you for your time.
