

Joanne Mankus

What is your gender?

Female

Age?

65

County (or Counties) of Primary Residence?

Kittitas

Residential setting:

Rural

Do you identify yourself as any of the following?

Environmentalist

Outdoor Recreationist

WDFW has identified a list of impact topics to include in the Plan/EIS. Impact topics are a means of organizing the discussion of issues and analysis of impacts. Impact topics can be thought of as chapter or section headings in the Plan/EIS.

Please review this list and add other topics, or items that fit under these headings.

Please check the topics you view as most important.

Wolf-livestock conflicts

Wolf-ungulate interactions

Wolf interactions with other species

Wolf-human interactions

Wolf hunting

Please list other topics here. The next page provides space for general comments on the scope of the plan.

Wolf populations need to be reduced and managed. Wolf transplanting in counties should never have been allowed.

Do you have general comments about the scope of Washington's updated wolf conservation and management plan?

I firmly believe the wolf population needs to be reduced and controlled better. Our undulated population is being greatly reduced by the wolf population.
