Subject: Support for Movi testing prior to AK importation
Date: Thursday, October 29, 2020 8:35:41 PM

Shannon,

I'm writing to express my support for Movi testing of all domestic sheep and goats prior to importation into Alaska regardless of their age. I feel this is an important step to protect Alaska's wild sheep population. I support Movi testing through AAVID laboratories. I also support adding Movi to the Reportable Disease List and requiring same day reporting.

Thank you,

Scott
