

## Kenneth Nydam

-I am a avid outdoorsmen who enjoys hunting and the conservation of all wildlife. Wild Sheep and Goat are on my wish list to explore and hunt. I would hate to see the fall of wild sheep, goat and muskoxen due to the Movi disease.

-I support Movi testing of all domestic sheep and goats regardless of age prior to import into Alaska

-I support Movi testing through accredited diagnostic laboratories

-I support adding Movi to the Reportable Disease List, requiring same-day reporting
