

Amy Kearns

Performed test on proposed annual operating report in the permittee portal for the JBER Hospital Plant ORL (AQ0885ORL01P). Validated functionality of date fields, notes field, and successfully uploaded an attachment. Verified the "Save" radio button was functional when the message "Save Successfully Initiated" appeared at top of the page. Could not validate functionality of the "Print Draft" and "Print Document" radio buttons. A new window did not open when those radio buttons were selected as indicated.

Performed same functionality test for the annual affirmation report test for AQ1170MSS01P with same results. A PDF of the saved, draft annual affirmation report has been attached to comment.
