

Mike Erdman

Comments from second public hearing

3 MIKE ERDMAN: My name is Mike
4 Erdman, last name E-R-D-M-A-N. Erdman and
5 Associations Consulting Engineers in Wasilla.

6 My comment is that this rewrite of
7 the regulations is an extensive and a comprehensive
8 rewrite of the complete regulation package. To
9 date a number of engineers have reviewed the
10 proposed regulations and submitted numerous

1 detailed comments and, in my opinion, there are
2 enough items of concern and comments to be reviewed
3 that it warrants an extension of the review period.

4 And I would also suggest and
5 request that we reconstitute the stakeholder group
6 or working group of professionals and industry
7 representatives to assist in the final writing and
8 review of these regulations before they go back out
9 for comment.
10 And that's all I have. Thank you.
