

Cameron Gray

To whom it may concern,

My name is Cameron Gray, and I live in Tok. I am writing in support of Peak Gold's Closure and Reclamation Plan and Waste Management Plan for Manh Choh. I have reviewed the Reclamation and Closure Plan and Waste Management Plan for Manh Choh. The plan they developed is economically and environmentally responsible and will provide profound ecological regeneration.

Our community needs this mine, the jobs it will create, and the socio-economic benefits that come with it.

Good paying jobs will help us build a stronger community, enhance our tax base, improve our schools, and generally make our way of life better. With the 100-200 construction jobs and 400-600 mine operation jobs come training, internships, and scholarships for our young people.

This project is exactly what we need to get Alaska and our people trained for careers in transportation, construction, and mining. I encourage you to approve this plan so we can put our folks to work.

Thank you,

Cameron Gray
