

General information

Public comment period begins: November 24, 2022

Public comment period ends: December 27, 2022

Name and address of Permittee:

PFB Manufacturing LLC
 116 Pine St S
 Lester Prairie, MN 55354-1010

Facility name and location:

Plasti Fab
 116 Pine St S
 Lester Prairie, MN 55354-1010
 McLeod County
 T116N, R27W, Section 002

MPCA contact person:

Kara Leadbetter
 Industrial Division
 Minnesota Pollution Control Agency
 520 Lafayette Road North
 St. Paul, MN 55155-4194
 Phone: 651-757-2889
 Email: kara.leadbetter@state.mn.us

File manager phone: 651-757-2728 or
 1-844-828-0942

A draft permit and supporting documentation are available for review on the MPCA Public Notices webpage at <http://www.pca.state.mn.us/publicnotices>. Additional materials relating to the issuance of this permit are available for inspection by appointment at any MPCA office (<https://www.pca.state.mn.us/about-mpca/contact-us>) between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday. The MPCA will mail or email a copy of the draft permit upon request. Comments, petitions, and other requests must be received at the MPCA in writing on or before the public comment period end date and U.S. Mail comments must be received by 4:30 p.m.

Description of Plasti Fab

Plasti Fab manufactures expanded polystyrene foam, producing custom protective foam packaging. They also manufacture commercial insulation systems for roofs. The process involves expanding polystyrene beads with steam, aging the expanded beads, and molding the beads with steam. The foam used for insulation is cut into boards with hot wires. During pre-expansion, aging of expanded beads and final product, and molding, pentane and styrene monomer (both VOCs) are emitted. Plasti Fab uses a variety of beads, each releasing a different quantity of Volatile Organic Compounds (VOC). The VOCs are emitted to the atmosphere through building ventilation. Steam is provided by three boilers that burn natural gas. One of these boilers is a dual fuel boiler that burns distillate oil during times of natural gas curtailment or gas supply interruption.

The permit action is for operation of the facility. The permit action is the reissuance of the Part 70 operating permit; therefore, the draft permit has been placed on public notice.

A summary of the Potential to Emit (PTE) in tons per year is as follows:

Pollutant	PM	PM ₁₀	PM _{2.5}	SO ₂	NO _x	VOCs	CO	CO _{2e}	HAPs
Total Facility PTE	0.99	0.84	0.79	7.6	11	240	8.3	12,600	4.7

PM = Particulate Matter

PM_{2.5} = PM, 2.5 microns and smaller

NO_x = Nitrogen Oxides

CO = Carbon Monoxide

PM₁₀ = PM, 10 microns and smaller

SO₂ = Sulfur Dioxide

VOCs = Volatile Organic Compounds

CO_{2e} = Carbon Dioxide Equivalents as defined in Minn. R. 7007.0100

HAPs = Total Hazardous Air Pollutants

The Permittee is not required to submit a pollution prevention progress report pursuant to Minn. Stat. § 115D.08.

The preliminary determination to reissue this Air permit is tentative.

Procedure for public participation

As stated in Minn. R. chs. 7000 and 7001, there are three formal procedures for public participation in the MPCA's consideration of this matter. Interested persons may:

- 1) Submit written comments on the draft permit.

- 2) Petition the MPCA to hold a public informational meeting.
- 3) Petition the MPCA to hold a contested case hearing.

Submitting written comments

Comments may be submitted:

- 1) Online at <http://www.pca.state.mn.us/publiccomments>; or
- 2) By U.S. postal mail to the following address:
Minnesota Pollution Control Agency
c/o Kara Leadbetter
520 Lafayette Road North
St. Paul, MN 55155-4194

Submitted comments or petitions must state:

- 1) Your interest in the permit application or the draft permit.
- 2) The action you wish the MPCA to take, including specific references to the section of the draft permit you believe should be changed.
- 3) The reasons supporting your position, stated with sufficient specificity as to allow the MPCA to investigate the merits of the position.

Public informational meeting

A public informational meeting is an informal meeting during which interested persons can ask questions concerning the proposed facility. MPCA staff will be present to provide information. If an interested person would like the MPCA to hold a public informational meeting, the person should include all information identified above and in addition include a statement of the reasons the person desires the MPCA to hold a public informational meeting and the issues that the person would like the agency to address at the public informational meeting.

Contested Case Hearing

A contested case hearing is a formal proceeding before an administrative law judge empowered to advise the MPCA regarding issues of fact. As described in Minn. R. 7000.1800, persons who submit petitions for a contested case hearing must also state the issues they propose to address in a contested case hearing, the specific relief requested or resolution of the matter, and the reasons (which may be in the form of proposed findings) supporting an MPCA decision to hold a contested case hearing. Failure to comply with these rules exactly may result in a denial of the request. To the extent known, the petitioner may also submit a list of prospective witnesses to be called at a hearing, a proposed list of publications, references, or studies to be introduced at a hearing and the approximate time required for the petitioner to present the matter at a hearing. The decision whether to hold a contested case hearing will be made under Minn. R. 7000.1900.
