

Douglas Boeckmann

After reviewing the [EPA's guidebook](#) for setting up and maintaining an [air monitoring network](#), can your organization easily follow these guidelines?

Other (please specify)

I don't belong to any organization, just a citizen who lives in Hawthorne Neighborhood.

What barriers do you see in undertaking this project?

Other (please specify)

Not applicable to me unless I become a member of some nonprofit organization in Hawthorne Neighborhood that wants to do air monitoring project.

In addition to covering the cost of the sensors and their maintenance, how would you use the grant funding?

Other (please specify)

I don't belong to a neighborhood group that is interested in participating in this type of project but would be interested in helping out with maintaining sensors and data collection and sharing.

How should the MPCA consider an applicant's approach to community outreach and engagement during the grant application process?

Use door flyers and hold public feedback meetings (e.g., at Farview Center in Hawthorne Neighborhood).

What other information should the MPCA consider during the community air monitoring grant process?

In layperson language, explain how the data collected will be helpful to a renter or homeowner who lives in a specific neighborhood.
