Description of permitted facility

Fairmont Energy Station is a power generation facility owned and operated by Southern Minnesota Municipal Power Agency. The facility consists of six engine-generator sets: four 4-stroke lean-burn natural gas-fired reciprocating internal combustion engines (RICE), and two dual-fuel compression ignition RICEs. The 4SLB natural gas-fired engines are controlled by selective catalytic reduction systems to reduce NOx emissions and oxidation catalysts to reduce CO, VOC, and formaldehyde emissions. The two dual-fuel engines are controlled by oxidation catalysts to reduce CO emissions.

The permit action is for operation of the facility. The permit action is the reissuance of the Part 70 operating permit; therefore, the draft permit has been placed on public notice.

A summary of the Potential to Emit (PTE) in tons per year is as follows:

Pollutant	PM	PM ₁₀	PM _{2.5}	SO ₂	NO _x	VOCs	CO	CO _{2e}	Lead	Single HAP	Total HAP
Total Facility PTE	14.6	13.9	13.9	0.35	234	27.8	183	67000	0	9	18.8

PM = Particulate Matter
 PM_{2.5} = PM, 2.5 microns and smaller
 NO_x = Nitrogen Oxides
 CO = Carbon Monoxide
 PM₁₀ = PM, 10 microns and smaller
 SO₂ = Sulfur Dioxide
 VOCs = Volatile Organic Compounds
 CO_{2e} = Carbon Dioxide Equivalents as defined in Minn. R. 7007.0100
 HAP = Hazardous Air Pollutant

The Permittee is not required to submit a pollution prevention progress report pursuant to Minn. Stat. § 115D.08.

The preliminary determination to reissue this Air permit is tentative.

Procedure for public participation

As stated in Minn. R. chs. 7000 and 7001, there are three formal procedures for public participation in the MPCA's consideration of this matter. Interested persons may:

- 1) Submit written comments on the draft permit.
- 2) Petition the MPCA to hold a public informational meeting.
- 3) Petition the MPCA to hold a contested case hearing.

Submitting written comments

Comments may be submitted:

- 1) Online at <https://mpca.commentinput.com/comment/search>; or
- 2) By U.S. postal mail to the following address:

Jordan Marzitelli
Minnesota Pollution Control Agency
520 Lafayette Road
St. Paul, MN 55155

Submitted comments or petitions must state:

- 1) Your interest in the permit application or the draft permit.
- 2) The action you wish the MPCA to take, including specific references to the section of the draft permit you believe should be changed.
- 3) The reasons supporting your position, stated with sufficient specificity as to allow the MPCA to investigate the merits of the position.

Public informational meeting

A public informational meeting is an informal meeting during which interested persons can ask questions concerning the proposed facility. MPCA staff will be present to provide information. If an interested person would like the MPCA to hold a public informational meeting, the person should include all information identified above and in addition include a statement of the reasons the person desires the MPCA to hold a public informational meeting and the issues that the person would like the agency to address at the public informational meeting.

Contested Case Hearing

A contested case hearing is a formal proceeding before an administrative law judge empowered to advise the MPCA regarding issues of fact. As described in Minn. R. 7000.1800, persons who submit petitions for a contested case hearing must also state the issues they propose to address in a contested case hearing, the specific relief requested or resolution of the matter, and the reasons (which may be in the form of proposed findings) supporting an MPCA decision to hold a contested case hearing. Failure to comply with these rules exactly may result in a denial of the request. To the extent known, the petitioner may also submit a list of prospective witnesses to be called at a hearing, a proposed list of publications, references, or studies to be introduced at a hearing and the approximate time required for the petitioner to present the matter at a hearing. The decision whether to hold a contested case hearing will be made under Minn. R. 7000.1900.
