

## J.R.'S Advanced Recyclers

I understand that we are in the comment period for the draft permit. My company J.R.'S Advanced Recyclers, which operates recycling operations in Minnesota, supports the comments submitted by the Recycled Materials Association (ReMA), and those of its Upper Midwest Chapter.

Re: Program MNR050000

To whom it may concern,

MPCA is currently seeking comments on its draft permit, "Authorization to Discharge Stormwater Associated With Industrial Activity under the National Pollutant Discharge Elimination System (NPDES)/State Disposal System (SDS) Program—MNR050000", which includes provisions which require stormwater permit recipients to monitor and report activities related to PFAS. ReMA and the Upper Midwest Chapter are submitting comments to MPCA which outline various challenges to the draft permit.

Sincerely,

Mike Larson  
General Manager
