

Amalia Hogan

Hello,

My family and I has been living in our house 3 years now. We live in May Town Ship but our mailing address is Hugo. We live right behind LCA. We moved from Mahtomedi 3 years ago because of rural living in May Town Ship. Rural living is fewer traffic, less people, quite living and reduced pollution. Our backyard is also a small lake called Goggins, our boys love this lake and would love to preserve the lake in the next 100 plus years. Will LCA affect our lake in the future? I'd assume so.

What will happen to our rural living if LCA is built in our backyard. LCA is a business not just a regular school, this business should be exempt to the rural character of our community.

I am very concerned for our future here in May Town. We'd rather have 5-10 house as neighbors than LCA.

This will be our forever home. Please do not allow this to go through. Thank you for your time.
