## Description of permitted activity

The MNDOT - Heath Creek Rest Area (facility) is located in Township 111 North, Range 21 West, Section 1, Forest Township, Rice County, Minnesota, 55155, on the northbound lane of Interstate 35.

The existing facility has a controlled discharge from SD 001. The facility is a Class D.

The facility is designed to treat:

- an average wet weather (AWW) flow of 0.0061 million gallons per day (mgd);
- an average annual daily (AAD) flow of 0.0050 mgd; and
- a five-day carbonaceous biochemical oxygen demand (CBOD<sub>5</sub>) of 15 pounds per day (lb/day).

The facility consists of a septic tank and two-cell wastewater stabilization pond. The primary and secondary pond cells each have water surface areas of approximately 0.56 and 0.28 acres, respectively at the four-foot operating depths.

The preliminary determination to reissue this wastewater permit is tentative.

## Procedure for public participation

As stated in Minn. R. chs. 7000 and 7001, there are three formal procedures for public participation in the MPCA's consideration of this matter. Interested persons may:

- 1) Submit written comments on the draft permit.
- 2) Petition the MPCA to hold a public informational meeting.
- 3) Petition the MPCA to hold a contested case hearing.

## Submitting written comments

Comments may be submitted:

- 1) Online at <https://mpca.commentinput.com/comment/search>; or
- 2) By U.S. postal mail to the following address:

Holly Mikkelson  
Minnesota Pollution Control Agency  
7678 College Rd, Ste 105  
Baxter, MN 56425

Submitted comments or petitions must state:

- 1) Your interest in the permit application or the draft permit.
- 2) The action you wish the MPCA to take, including specific references to the section of the draft permit you believe should be changed.
- 3) The reasons supporting your position, stated with sufficient specificity as to allow the MPCA to investigate the merits of the position.

## Public informational meeting

A public informational meeting is an informal meeting during which interested persons can ask questions concerning the proposed facility. MPCA staff will be present to provide information. If an interested person would like the MPCA to hold a public informational meeting, the person should include all information identified above and in addition include a statement of the reasons the person desires the MPCA to hold a public informational meeting and the issues that the person would like the agency to address at the public informational meeting.

## Contested Case Hearing

A contested case hearing is a formal proceeding before an administrative law judge empowered to advise the MPCA regarding issues of fact. As described in Minn. R. 7000.1800, persons who submit petitions for a contested case hearing must also state the issues they propose to address in a contested case hearing, the specific relief requested or resolution of the matter, and the reasons (which may be in the form of proposed findings) supporting an MPCA decision to hold a contested case hearing. Failure to comply with these rules exactly may result in a denial of the request. To the extent known, the petitioner may also submit a list of prospective witnesses to be called at a hearing, a proposed list of publications, references, or studies to be introduced at a hearing and the approximate time required for the petitioner to present the matter at a hearing. The decision whether to hold a contested case hearing will be made under Minn. R. 7000.1900.
