

General information

Public comment period begins: April 10, 2025
Public comment period ends: May 12, 2025
Current permit issued: July 12, 2021
Current permit expiration date: July 12, 2026

Name and address of Permittee: Sunrise Fiberglass of Minnesota LLC 5175 260th St Wyoming, Chisago County, MN 55092-8018	Facility name and location: Sunrise Fiberglass of Minnesota LLC 5175 260th St Wyoming, Chisago County, MN 55092-8018	MPCA contact person: Benton Campbell, PE Industrial Division Minnesota Pollution Control Agency 520 Lafayette Rd Saint Paul, MN 55155 Phone: 651-757-2285 Email: benton.campbell@state.mn.us File manager phone: 651-757-2728 or 844-828-0942
--	--	---

A draft permit and supporting information are available for review on the MPCA Public Notices webpage at <https://www.pca.state.mn.us/get-engaged/public-comments>. Additional materials relating to the issuance of this permit are available for inspection by appointment at any MPCA office (<https://www.pca.state.mn.us/about-mPCA/contact-us>) between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday. The MPCA will mail or email a copy of the draft permit upon request. Comments, petitions, and other requests must be received at the MPCA in writing on or before the public comment period end date and U.S. Mail comments must be received by 4:30 p.m.

Description of permitted facility and project

The permit action is for modification and operation of the facility. The permit action is a major amendment therefore, the draft permit has been placed on public notice.

Sunrise Fiberglass of Minnesota LLC is a fiberglass manufacturing facility in Wyoming, Minnesota. The main sources of emissions from the facility are fiberglass layup stations, and gelcoat and paint application. The main pollutants of concern are volatile organic compounds and particulate matter. Particulate matter emissions are controlled by panel filters.

The major amendment authorizes the construction and operation of two new gelcoat booths and a new robot trimmer/grinder with associated control equipment and stacks. The permit also incorporates source specific operating limits for operations throughout the facility based on modeling results and requires construction and operation of an additional filter on some existing equipment.

A summary of the potential emissions increase in tons per year is as follows:

Pollutant	PM	PM ₁₀	PM _{2.5}	SO ₂	NO _x	VOCs	CO	CO _{2e}	Lead	HAP – single (Methyl Methacrylate)	HAPs - total
Emissions Increase from new emission units	7.0	7.0	7.0	0	0	60	0	0	0	50	50

PM = Particulate Matter
 PM_{2.5} = PM, 2.5 microns and smaller
 NO_x = Nitrogen Oxides
 CO = Carbon Monoxide
 PM₁₀ = PM, 10 microns and smaller
 SO₂ = Sulfur Dioxide
 VOCs = Volatile Organic Compounds
 CO_{2e} = Carbon Dioxide Equivalentents as defined in Minn. R. 7007.0100
 HAP = Hazardous Air Pollutant

The Permittee is not required to submit a pollution prevention progress report pursuant to Minn. Stat. § 115D.08.

The preliminary determination to amend this Air permit is tentative.

Procedure for public participation

As stated in Minn. R. chs. 7000 and 7001, there are three formal procedures for public participation in the MPCA's consideration of this matter. Interested persons may:

- 1) Submit written comments on the draft permit.
- 2) Petition the MPCA to hold a public informational meeting.
- 3) Petition the MPCA to hold a contested case hearing.

Submitting written comments

Comments may be submitted:

- 1) Online at <https://mpca.commentinput.com/comment/search>; or
- 2) By U.S. postal mail to the following address:
Benton Campbell
Minnesota Pollution Control Agency
520 Lafayette Rd
Saint Paul, MN 55155

Submitted comments or petitions must state:

- 1) Your interest in the permit application or the draft permit.
- 2) The action you wish the MPCA to take, including specific references to the section of the draft permit you believe should be changed.
- 3) The reasons supporting your position, stated with sufficient specificity as to allow the MPCA to investigate the merits of the position.

Public informational meeting

A public informational meeting is an informal meeting during which interested persons can ask questions concerning the proposed facility. MPCA staff will be present to provide information. If an interested person would like the MPCA to hold a public informational meeting, the person should include all information identified above and in addition include a statement of the reasons the person desires the MPCA to hold a public informational meeting and the issues that the person would like the agency to address at the public informational meeting.

Contested Case Hearing

A contested case hearing is a formal proceeding before an administrative law judge empowered to advise the MPCA regarding issues of fact. As described in Minn. R. 7000.1800, persons who submit petitions for a contested case hearing must also state the issues they propose to address in a contested case hearing, the specific relief requested or resolution of the matter, and the reasons (which may be in the form of proposed findings) supporting an MPCA decision to hold a contested case hearing. Failure to comply with these rules exactly may result in a denial of the request. To the extent known, the petitioner may also submit a list of prospective witnesses to be called at a hearing, a proposed list of publications, references, or studies to be introduced at a hearing and the approximate time required for the petitioner to present the matter at a hearing. The decision whether to hold a contested case hearing will be made under Minn. R. 7000.1900.
