Description of Dakota County-Hastings Campus

Dakota County operates a government center complex in Hastings. Emissions come from fuel combustion in the utility boilers, heating and ventilation equipment, and emergency generators. The main pollutants of concern from the facility are nitrogen oxides (NO_x) and carbon monoxide (CO). Oxidation catalysts are used to control CO on two of the engines.

This permit action is a Major Amendment and authorizes construction of four utility boilers and one emergency generator. The boilers are natural gas-fired and capable of using diesel fuel as backup. Diesel-fired operation is allowed only during periods of gas curtailment.

The preliminary determination to amend this Air permit is tentative.

The permit action is for construction and operation of the facility. The permit action is a major amendment of the Part 70 operating permit; therefore, the draft permit has been placed on public notice

A summary of the Potential to Emit (PTE)/Emissions Increase in tons per year is as follows:

Pollutant	PM	PM ₁₀	PM _{2.5}	SO ₂	NO _x	VOCs	CO	CO _{2e}	Lead
Total Facility PTE	2.43	2.43	2.43	0.22	34.3	1.16	15.8	17,700	0.00
Emissions Increase from new emission units	0.94	0.94	0.94	0.09	10.21	0.35	5.79	10,200	0.00
Net Emissions Increase	0.94	0.94	0.94	0.09	10.21	0.35	5.79	10,200	0.00

PM = Particulate Matter

PM₁₀ = PM, 10 microns and smaller

PM_{2.5} = PM, 2.5 microns and smaller

SO₂ = Sulfur Dioxide

NO_x = Nitrogen Oxides

VOCs = Volatile Organic Compounds

CO = Carbon Monoxide

CO_{2e} = Carbon Dioxide Equivalents as defined in Minn. R. 7007.0100

The Permittee is not required to submit a pollution prevention progress report pursuant to Minn. Stat. § 115D.08.

Procedure for public participation

As stated in Minn. R. chs. 7000 and 7001, there are three formal procedures for public participation in the MPCA's consideration of this matter. Interested persons may:

- 1) Submit written comments on the draft permit.
- 2) Petition the MPCA to hold a public informational meeting.
- 3) Petition the MPCA to hold a contested case hearing.

Submitting written comments

Comments may be submitted:

- 1) Online at <https://mpca.commentinput.com/comment/search>; or
- 2) By U.S. postal mail to the following address:
Roderick Manuzon
Minnesota Pollution Control Agency
520 Lafayette Rd
Saint Paul, MN, 55155

Submitted comments or petitions must state:

- 1) Your interest in the permit application or the draft permit.
- 2) The action you wish the MPCA to take, including specific references to the section of the draft permit you believe should be changed.
- 3) The reasons supporting your position, stated with sufficient specificity as to allow the MPCA to investigate the merits of the position.

Public informational meeting

A public informational meeting is an informal meeting during which interested persons can ask questions concerning the proposed facility. MPCA staff will be present to provide information. If an interested person would like the MPCA to hold a public informational meeting, the person should include all information identified above and in addition include a statement of the reasons the person desires the MPCA to hold a public informational meeting and the issues that the person would like the agency to address at the public informational meeting.

Contested Case Hearing

A contested case hearing is a formal proceeding before an administrative law judge empowered to advise the MPCA regarding issues of fact. As described in Minn. R. 7000.1800, persons who submit petitions for a contested case hearing must also state the issues they propose to address in a contested case hearing, the specific relief requested or resolution of the matter, and the reasons (which may be in the form of proposed findings) supporting an MPCA decision to hold a contested case hearing. Failure to comply with these rules exactly may result in a denial of the request. To the extent known, the petitioner may also submit a list of prospective witnesses to be called at a hearing, a proposed list of publications, references, or studies to be introduced at a hearing and the approximate time required for the petitioner to present the matter at a hearing. The decision whether to hold a contested case hearing will be made under Minn. R. 7000.1900.
